DETAILED ACTION

1. This is the third office action for application No. 10/716,713. This application contains 2 claims numbered 4-5. Claims 1-3 and 6-7 have been canceled by the amendment filed 3/22/06 which has been entered.
2. Claims 4-5 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

One major difference in claims 4-5 not found in the closest prior art of Pepe (US 6,473,205) is that Pepe does not teach or disclose the claimed features of three vertically adjustable leveler assemblies located at three apexes of a triangle which enclose a linear scan line slot and which has sides which establish axes about which vertical adjustment of the leveler assemblies is carried out to bring the bottom surface of the planar member parallel to and at a known height from a known planar surface, wherein each of lever assemblies include a vertically adjustable leveler, a level mount, a leveler mount holder and means for securing said holder to planar member as recited in claims 4 and 5 in combination with other limitations which is not found in Pepe either singularly or in combination to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
